

Semi-automatic Carton sealing machine

ODALLIPAK®
BANDING SYSTEMS

SIAT SK1

Semi automatic carton sealing machine for standard cartons.

SIAT SK1

■ FEATURES

Semi automatic carton sealing machine from SIAT with manual adjustment from SIAT. The machine seals cartons with self adhesive tape and can be used for a large number of cartons with the same size.

The filled cartons are being pushed into the machine by the operator, the belt drive takes the package and pushes it through the machine. At the same time the bottom and the top of the carton are sealed with self adhesive tape.

■ OPTIONS

- Wheels (4 wheels with breaks per machine)
- Higher shorings
- Top Side Pressure rolls
- Input roll conveyor
- Output roll conveyor
- Stainless steel version
